FOREWORD

To be the link by which you may be forever bound in memory to those incomparable days of worthy toil, joyous pastimes, and lasting friendships . . . this is my hope.

THE SEQUELLE

SENIOR CLASS POEM

Silently burns the light of time;
Its glow has touched the distant peak,
It sends its radiant, golden ray
O'er fighting strong and bending weak.
The road called future bids us on
Assembles us on one vast plain,
And here we learn from Gods of Life
That others we must help to gain.
The knowledge that we've sought so long,
To them we shall impart with pride,
Who lights this lamp of knowledge then
Must in belief and faith abide.
Who dares to falter on the road
Shall break the trust of thousand years,
We are the results of experienced thought,
We are the light of our ancient peers.
Perhaps no song of praise we'll hear,
No tribute for the work we do,
And yet we're satisfied with all,
We're moulding life that's strong and true.
How long we work it matters not,
Our goal is what we want to reach,
And in this life of strange extremes
Four things of thee I would beseech:
The first, the broken pillar to mend,
And then prevent another flaw,
Our highest aim to train the mind,
The last, to teach the Master's law.

—Lewis Wells

DEDICATION

To Our President

G. C. L. Riemer, Ph. D., LL. D.

Dedicated to the loyal students

SCHOOL HYMN

H. L. BLAND

Copyright 1929 by Harry L. Bland

CHAPEL

Old stone, and ivy
Make thy features most delightful

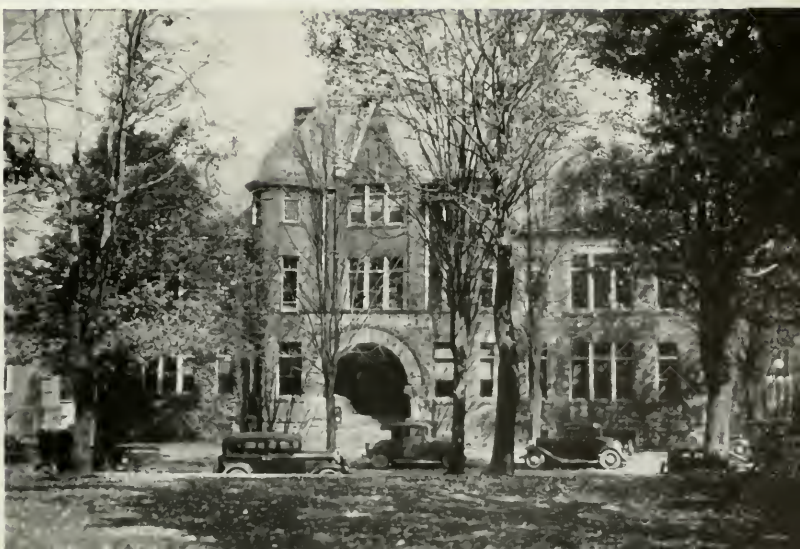

SEMINARY HALL

Thou art the standard of thy
Alma Mater's Birth,
Thou art Clarion!

FOUNDERS HALL

Within thy walls new secrets rise,
Thy towers point toward the skies

TRAINING SCHOOL

Herein youth is guided,
And future teachers trained.

HARVEY GYMNASIUM

Strong and of firm foundation,
As of him for whom you were named

BECHT HALL

No frieze to mar thy simplicity,
Only stateliness of bearing in thy poise

MUSIC HALL

Built upon one lone ly note
You stand, a song ne'er ended.

RALLY SONG

With this, our Rally Song, Harrie L. Bland, its composer, has made a lasting contribution to C. S. T. C. In its words and music is embodied that spirit of loyalty, love, and respect that every true student and alumnus will have for this college and the high standards upheld by it and a firm desire to live up to them.

DR. G. C. L. RIEMER, President

Dr. Riemer enjoys the love and respect of the student body. Scholarly himself, he advocates and inspires scholarship. Truly we are fortunate in having had to chart our course throughout these happy, busy years, one who stands forth among educators as an exponent of thorough preparation for the teaching profession.

In Memoriam

HON. FRANK L. HARVEY

Clarion State Teachers College deeply regrets the passing of Honorable Frank L. Harvey, Judge of Clarion County. In Judge Harvey, the college has lost a trustee who labored in its interests for twenty-five years, a number of those years as chairman of the board. The college and the community have lost a prominent citizen, one whose contributions to the public welfare were rich and varied. Yet infinitely more than this, is that all of us have lost a friend. And as a friend we shall best remember him.

NORMAN C. BALL

In Memoriam

Clarion State Teachers College deeply regrets the passing of Mr. Norman C. Ball, editor of the Clarion Republican, and long active as a leading citizen of the community. Mr. Ball served on the Board of Trustees of the State Teachers College at Clarion since the college year 1922-23, part of which period he was vice-chairman, and for some years a member of the committee of Household. He labored with the best interests of the college at heart, in the same generous spirit with which he served his community. As a friend and man of highest character shall we ever hold him in memory.

Four years ago the hand of destiny brought us together, one hundred twenty strong. As time passed we became acquainted, formed friendships, executed joint undertakings, became a united body. We entered into the Spirit of the College; we grew through its beneficent guidance, and in turn contributed to its upbuilding. Our influence spread to every corner of school activity; the classroom, social life, sports, clubs and student leadership.

Then came the disruption of our group with the graduation of its two year members in '31. We who remained became even more closely bound together and continued to grow in and add to the College life. We became more and more associated with campus leadership and with scholarship; we pioneered in the development of the student self-government; we came to understand, respect, and love the traditions and associations of the College.

Again the hand of destiny intervenes, and we must part for a greater or lesser time. But we go joyously, content in the knowledge that we depart richer, fuller, and in every way better prepared to lead happier, nobler lives as teachers and as men and women. A benediction on the school which has nurtured us!

JUNIOR CLASS

OFFICERS

President	Kenneth Snyder
Vice President	Maurice Moffatt
Secretary-Treasurer	Norbert Master

The Junior Class is composed of students who are aiming to secure a degree in secondary education. Although their two-year classmates graduated last year, several of them returned to join the four-year group. Several students of earlier years have returned to continue their work and as a result, have increased the enrollment of the class.

As a class, the Juniors have not had occassion to sponsor any social activity or college function, but individually, the class is well represented in athletics, journalism, dramatics, student government, and forensics.

The present Junior class holds the distinction of being the third junior class of students that Clarion Teachers College has enrolled up to date.

Two years ago, a large group of young men and women came to an important point in their lives when they entered Clarion State Teachers College.

The Freshman Class was extended an enthusiastic welcome by the upperclassmen—enthusiastic and decidedly informal. They meekly acquiesced to the wishes of the upperclassmen for one week. A long period of wearing the customary green, and they were considered full-fledged Freshmen.

The need for organization soon became apparent. Under temporary officers the following permanent officers were elected: President, Charles Betz; Vice-President, Herbert Fales; Secretary, Dorothy Perry; Treasurer, Betty Rhea.

The main class function this year was the Freshman Hop, proclaimed a success by all who attended.

As Sophomores the class spirit has increased, members having participated in all phases of campus life,—in athletics, activities, and scholarship.

Now comes the time when the class has to separate, the two year students having to enter the teaching field, the four year people remaining to carry on.

For those remaining the Sophomores leave their best wishes and many happy memories.

FRESHMAN CLASS

OFFICERS

President	James Kanengeiser
Vice-President	Wayne Kennemuth
Secretary	Pauline Smith
Treasurer	Ralph Simpson
Faculty Advisor	Harry S. Manson

The present Freshman Class is probably the most selective group that has ever entered the college as first year students. This fact is due to the more rigid entrance requirements which became effective last fall.

In addition to making a creditable scholastic record, and taking active part in the social activities of the campus, the "Frosh" gamely underwent the ordeal of initiation week with all that such a week entails. Proof that they were none the worse for this experience came when they proved their worth by upholding the tradition of sponsoring the annual hop on December 16.

The class organized during the first semester, elected its own officers, and Mr. Manson as faculty advisor. It is confident that it has embarked upon four happy, profitable years on the college campus.

TYRUS BARTLEY — Center

"Ty", in his first year in Clarion football showed himself a fine player. "Ty" was a steady, efficient worker, one who seldom if ever missed practice. In the Lockhaven game "Ty" played like a four-year veteran, and just as successfully. Next year "Ty" is almost certain to be the varsity center.

LEO BROWN — End

Leo, (Brownie), in his first year on the squad proved himself an excellent end. Brown was noted as one of the hardest workers on the squad, and undoubtedly will make of himself an even better player in his next two years. An excellent passer as well as a successful end, "Brownie" has an enviable future.

RALPH CASTAFERO — Halfback

"Casty's" election as co-captain for this year is the natural reward for his splendid play for the Blue and Gold. The Lockhaven game will be remembered by Ralph, for it was he who scored the tieing touchdown. An even more successful season is predicted for "Casty" next year.

FRED GALLAGHER — Guard

Fred is probably the smallest guard Clarion has ever had, but what he lacks in size he makes up in ability. In nearly every play Freddy would be found through the line, breaking up the opposition's plays. Fred proved himself splendid this year, but we're sure it isn't his best.

ROBERT HEVERLY — Quarterback

One of Clarion's backs was "Bob" Heverly. His ability to hit the line low and hard made him an important figure in the success of the Blue and Gold. Heverly was the team's field general as well as a leading plunger.

JACQUE HOWARTH — Guard

Another of Clarion's oncoming football players is Jacque Howarth. Jacque participated in enough games to earn his letter. He is a tower of strength in the line and shows great promise for future years. Howarth is especially noted for his activity, and for his endurance. In addition to his regular line play, he was sometimes selected to kick off for the Blue and Gold.

JOSEPH KENNY — Tackle

Voted the freshman who had shown the most improvement, Kenny deserved every bit of the honor for his unfailing work in holding fast his side of the line. In addition to being a capable linesman, "Joe" was Clarion's best punter, and nearly always kicked off for the games. "Joe" will develop into a player of distinction.

LETTERMEN

JAMES MARTZ — Halfback

"Jim", in his freshman year, played in enough quarters to secure his "C". "Jim" is an all-round back, showing equal ability on defense and offense. His fine playing was especially noticeable in the game with the Rimersburg Independents. Jim has three more years at Clarion, and will undoubtedly develop into one of the finest players to represent the Blue and Gold.

DON MURPHY — Tackle

"Murph", in his second year on the squad, quickly made it apparent that he was varsity caliber. Time and again, in the hardest games Murphy would smash through to break up the other team's plays. Murphy improved greatly this year and will be even better next year.

RUDOLPH PAULEY — Quarterback

"Rudy", through his brainy playing and his dexterity in avoiding tackles, was one of the best backs on the squad. His injury in mid-season removed a capable player from the team. Next year, barring injuries, "Rudy" is expected to pilot the Clarion fortunes again; we know he will do it well.

CLARENCE PURVIS — End

Bud, a Mars product, definitely carved himself a place on the Clarion football squad by his outstanding playing. Purvis was a steady, consistent performer on the gridiron, and proved himself of great value to the team. A steady player on both offense and defense, Purvis is sure to develop into varsity material.

WILLIAM REA — Utility Back

Rea secures his first "C" this year, but we may safely predict that it will not be his last. "Bill" played nearly every position in the backfield and with constant success. He is a freshman, and has three more years of football at Clarion.

EMIL ROSENZWEIG — End

"Rosy", Clarion's giant, has been selected as captain for 1933. Emil was Clarion's outstanding pass receiver, his great height enabling him to catch passes no others could reach. "Rosy", in addition to his excellent play, has the knack of inspiring his teammates to do better, a quality that will make him an excellent Captain.

JAMES SANDROCK — Fullback

"Sandy", a Grove City product, was for the second year the Blue and Gold's leading plunger. Time after time "Sandy" led the Blue and Gold offense in long drives. In the Lockhaven game Sandy with his off-tackle slants, made several yards on nearly every attempt. He was also one of the team's best punters.

LETTERMEN

BLAIR SCHUCKERS — Guard

Blair's consistent line playing was recognized in his election as co-captain with Castafero. Schuckers was there in every play, offensive or defensive. There will be more to come, for Schuckers has two more years at Clarion.

KENNETH TAYLOR — Center

The only senior on the team was "Abie" Taylor, but what was lacking in quantity was made up in quality. A consistent dependable player, Taylor filled the center position in an extremely capable manner. "Abie" was a tower of strength both on the defense and the offense.

PAUL VAN DYKE — Halfback

Van, the opposite to Rosenzweig in build, made himself valuable to the team by his speed and his ability to pick the weak points in the opposing line. It was Van, who in the Lockhaven game, placed the ball in scoring position with the brilliant completion of a lateral pass. In addition to being of value as a ball carrier, Van was an efficient defense man and an all-round asset to the team.

JOHN TRUBY — Manager

In his position as football manager, Truby handled the affairs of the team in a characteristic business-like manner. His care of the equipment undoubtedly was responsible for the small number of accidents. Clarion wishes John the best of success in the future.

SUMMARY

The C. S. T. C. football team completed a season that was more successful than the records might lead one to believe. In addition to having a difficult schedule, the team encountered a series of misfortunes that robbed the college of at least two victories. In the California, and especially in the Lockhaven games, Clarion completely outplayed their opponents.

Along with the varisty schedule, a system of intramural competition was inaugurated and carried on. This plan aroused much interest, especially among those who enjoy football, and also proved an effective method of discovering potential varsity players.

CHEERLEADERS

"Pep" is the word that has vibrated the world into an active place of living. To give this word its full meaning on Clarion campus, cheerleaders have been chosen to lead the students in the college "yells."

During the past season the cheering has been led by Wells, Howard, and Lovell. Wells is the veteran cheerleader, having served in this capacity for four years; Howard and Lovell are the new members of the cheering squad and will carry on the work next year.

VARSITY "C" CLUB

OFFICERS

President	William Russell
Vice-President	Ralph Castafero
Secretary	Emil Rosenzweig
Treasurer	Maurice Moffatt

The Varsity "C" Club is an organization comprised of men who have earned a letter in some major sport activity. The purpose of the Varsity "C" Club is to sponsor sportmanship and fair play not only among the athletes but throughout the student body.

It has been through the efforts of this organization that athletic awards for major sport activities have been made possible. During the past year this Club sold candy, officiated at the county track meet, and gave a minstrel show to secure funds for the purchasing of awards.

All activities taken over by this club have been quite successful, and extensive plans for the future of Athletics at Clarion State Teachers College are now being seriously considered

BASKET-BALL

Basketball, as one of the major athletic activities, on the campus usually creates greater interest in the student body than does football. This was evident this year, as in former years. The loss of several very able players through graduation last year necessitated recruiting new men for this year's team. The present season did not result in many victories for Clarion, but it revealed the presence of much promising basketball material for the future.

LEO BROWN — Forward

Throughout the entire season one of the forward posts was held by Brown. Leo was voted as the handiest worker on the squad, he was never absent from practice. This willingness to try showed up to good purpose in his playing. With training, "Brownie" will become one of C. S. T. C.'s best hopes in basketball.

RALPH CASTAFERO — Forward

"Casty," although alternating with Simpson as guard, gave ample proof of his practical knowledge of good basketball playing. His accurate work placed Clarion back in the race on more than one occasion. Ralph's vigor had an inspiring effect on the other members of the team. We are confident that he will fill a varsity position in the future.

JAMES KASSEL — Guard

In his last year as a Varsity basketball man for Clarion "Jim" lived up to our expectations, and proved himself a fine offensive and defensive guard. His ability to act quickly, calmly, and efficiently throughout any game, made him a great asset to the team. His playing against Edinboro was particularly noteworthy. In May C. S. T. C. loses a guard who will be hard to replace.

DANA PETERSON — Guard

"Pete," an all around athlete of no mean ability, secured his second "C" in basketball this year. He is one of C. S. T. C.'s athletes who can always be depended upon to put forth his best efforts in any game. His brilliant play established Pete as one of the most versatile players ever to represent Clarion in basketball, and he is unquestionably worthy in every way of his position on Varsity.

EMIL ROSENSWEIG — Center

"Rosy," for the second year, filled the center position on the team in an efficient manner. The tallest man on the squad, he was invaluable in gaining possession of the ball at critical moments. He proved himself a point getter by leading the individual scorers. "Rosy" is now a sophomore and in the next two years is expected to have even greater success in basketball.

RALPH SIMPSON — Forward

Though a freshman, Ralph played in enough quarters to receive a "C" in basketball, the only one earned by a first year man. Simpson is a hard worker and deserving of a promising future.

SAM WILHELM — Guard

Sam could be noticed equally well on the basketball floor by his red hair and excellent work. He always played a sterling game of basketball for Clarion. He played an especially outstanding game against California, in addition to playing a fine defensive game. Sam scored fourteen points, which made him high scorer. Clarion will look forward to Sam's contributions to the Varsity next year.

GEORGE STARTZELL — Manager

Startzell handled the business affairs of the squad in a capable manner. His personal popularity with the members of the squad is sufficient criterion of his efficiency.

J. O. JONES — Coach

Coach Jones' work has been a great factor in raising C. S. T. C.' athletics to a college standard. Though the Clarion teams have not always won, if one were to judge by scores, they have in almost every case displayed ability and sportsmanship of a type which clearly reveals the standard of work taught and demanded by Mr. Jones. This year the Coach has been forced to develop his teams from almost entirely inexperienced players. He deserves much commendation for the success they have had under his training and guidance.

RESULTS OF 1932 SEASON

The Purple and Gold track team of 1932 triumphed over all Western Pennsylvania foes to complete a successful season. Trained by Coach Jones and led by Captain Smith, Clarion finished first in every meet except one. The wealth of Freshman material added to that remaining from the 1931 team insured a well-balanced team ready to fight for every point. In the Western Pennsylvania meet held at Indiana, Clarion emerged with a comfortable margin. The State meet at West Chester found Clarion in fourth place with West Chester first. Clarion easily came to the front in dual meets with Slippery Rock and the Carnegie Tech freshmen.

RECORD OF THE SEASON

Western Conference Meet: Indiana
Clarion 47½—Slippery Rock 24
Indiana 35½—California 17

Dual Meet: Pittsburgh
Clarion 35—Carnegie Tech Freshmen 25

Dual Meet: Clarion
Clarion 68—Slippery Rock 58

State Meet: West Chester

West Chester, first; Shippensburg, second; East Stroudsburg, third; Clarion, fourth. Out of 13 teachers colleges, Clarion lost third place by 2-7 of a point.

LETTERMEN

LEO BROWN

"Brownie", a freshman, was an outstanding halfmiler. He is a very hard worker, training throughout the entire year. Leo is expected to succeed "Bully" Smith as Clarion's middle distance star.

RALPH CASTAFERO

One of the hardest workers on the team was Castafero. "Casty" was Lidstone's mate in the 440 and the broad jump. He still has three years of track and we all wish him the best of success.

DANIEL COLEMAN

"Boone", Clarion's versatile track athlete, again has proved himself an important figure in the teams' success. Coleman, in addition to heading the list of individual scorers, holds the conference record for the 220 and the shotput. When "Boone" is gone Clarion will find him difficult to replace.

EARL KEEFER

In a record breaking two mile run at Indiana, "Ski" earned his first letter at Clarion. That event is especially outstanding to Clarion track followers since it won the meet for the Blue and Gold. Keefer in his next three years will further vindicate our confidence in him.

CLETUS KREMMEL

In losing "Clete" Kremmel through graduation, Clarion loses an outstanding athlete. Kremmel represented the Blue and Gold in the dashes and the hurdles. "Clete" always worked hard, and the results justified the exertions.

DUANE LIDSTONE

"Dick", another local boy, was a prominent member of the track team. He was a utility man, competing in the weak places, and successfully, too. Clarion expects great things of Duane Lidstone in the future.

MORTON McKINNEY

Thompson's mate in the high jump and pole vault, "Mort" is another freshman to win his letter at track. At the Indiana meet "Mort" outjumped all others to give Clarion another first place. He is expected to have three more successful years at Clarion.

EUGENE PIFER

Pifer competed in a single meet, but his first in the mile earned his "C". His splendid victory at Carnegie Tech will not soon be forgotten at Clarion. Pifer trained diligently, and was always in perfect physical condition.

LETTERMEN

ELWOOD ROWLEY

"Ben", a senior, completed his last year at Clarion in his steady, ever-dependable manner. Rowley was a distance man and a relay runner. In losing "Ben" Rowley, Clarion loses a man hard to replace as a good sport as well as a splendid athlete.

WILLIARD SHREFFLER

"Wid", a home town product, was one of the most consistent members of the team. He was an all-round star, competing in both the weight and dash events. When points were needed Clarion could always depend on Shreffler.

CARL SMITH

"Bully", captain of the team for the last two seasons, is Clarion's best performer in the distance events. The State Meet at West Chester, where he set the state record in the mile run, is outstanding with Smith. Clarion wishes "Bully" Smith as great success in life as he had on the Blue and Gold track team.

FRED THIER

"Moon" will be remembered as the only man to receive three "C" 's in the year 1931-32. Fred was a general utility man for the track team, doing best in the relay.

BIRD THOMPSON

Bird, in his first year at Clarion, quickly became one of the foremost members of the track team. He scored points for the Blue and Gold in every meet of the year. Bird's high jumping will undoubtedly lead to recognition in years to come.

FRANCIS WHITE

White, in his last race for the Blue and Gold, earned his "C" by leading Slippery Rock's two-milers to the tape. This is White's second letter earned as a distance runner.

ALFRED MURPHY, Manager

As track manager "Al" proved himself an efficient business man. When help was needed "Al" was always ready. His fine work in handling the affairs of the team was a great factor in its success

WOMEN'S ATHLETIC COUNCIL

OFFICERS

President	Tilmae Gosetti
Vice-President	Jeanette Kribbs
Secretary-Treasurer	Jessie DeLong

The Women's Athletic Council which was formed in September, 1931, is composed of women who won their "C" by participating in intra mural sports. This council organization is composed of Tilmae Gosetti, Jeanette Kribbs, Jessie DeLong, Roma Kline, Betty Rhea, Bernice Crick, Gertrude Shaffer, and Helen Campbell.

At the close of each intra mural sport the members of the council choose by vote a varisty team. In the selection, general playing ability and sportmanship are the chief considerations. The members also act as coaches in practice games and as referees in the intra mural games.

This organization is the official supervisory body for all of the women's sports, and individually, the members act as officials for all women's activities on the annual Play Day.

HOCKEY

Hockey was the first sport of the intra mural schedule for girls.

The Freshmen and Sophomores entered into the game with the same good-natured rivalry and vigor as was shown in former games.

After a few weeks of practice for each team, a three-game tournament was arranged. This tournament ended in a tie which was never decided for either the Freshmen or Sophomore team.

The personnel of the girls athletic groups in hockey as in other sports is constantly improving, and the outlook for the future of women's sports at Clarion is bright.

The Hockey Varsity was chosen following the tournament by the Women's Athletic Council. The Varsity members are as follows:

Ruth Phillips	Gladys Morrison
Helen Caldwell	Mildred Frill
Gwen Covert	Virginia Crooks
Alta Johnson	Louise Crooks
Anna Slike	Grace Hay

Anna Zanot

SOCCER

The Soccer practices were very enthusiastically entered into by both the Freshmen and Sophomore girls. Due to the fact that the Hockey tournament ended in a tie, each team strove to be the victor in Soccer. As usual, a three-game tournament was arranged by the Women's Athletic Council.

The first game, which ended in a tie, was played on a muddy field. During the second game, the field was in much better condition, and the Sophomores were able to score a victory. The final game was also played under a handicap as the field was frozen and partly covered with ice. Since the final game also resulted in a tie, the Sophomores were proclaimed the victors by their one-game victory.

Following the tournament the Soccer Varsity was chosen by the Women's Athletic Council. The members are as follows:

Ella Malasky	Frances Hahn
Ethel Ferguson	Helen Caldwell
Anna Zanot	Virginia Crooks
Ruth Phillips	Grace Hav
Frances Crooks	Gwen Covert

Katherine Wilhelm

BASKETBALL

Very keen interest was manifested in girls intramural basketball this season. This was due mainly to the friendly rivalry existing between the Freshmen and Sophomore girls, a rivalry which is usually present between any two well trained, capable teams. At the close of the practice session, which lasted for five weeks, a five-game tournament was scheduled to be played. The teams chosen were made up of the most outstanding of the Freshmen and Sophomore players, respectively. Since the Freshmen won the first three games by large scores, the remaining two games were not played.

As a whole, the playing displayed by both teams was of a very highly quality. The Freshmen deserved their victories, both for their fine teamwork and playing ability.

The varsity chosen at the end of the season is as follows: Ella Malasky, Clara Hosack, Katharine Wilhelm, Annabelle Wilson, Frances Crooks, and Jeanne Lobozzo.

VOLLEYBALL

Volleyball, the fourth of the sports on the women's intramural program, aroused a lively interest and good response from players and student body. Though the tournament was won by the Freshmen, the Sophomores deserve credit for their fine work. As usual, this sport will continue to create and maintain the spirit of keen rivalry between the two classes.

MISS HELEN BARTON
Coach

The success of the women's intramural sports program can deservedly be attributed to the fine work exhibited by the young women who have worked with Miss Barton. The high standards of good sportsmanship, clean living, and hard work which Miss Barton maintains for herself, she inspires in others. She embodies all those qualities which one expects to find in a leader and guide. With these few words we wish to express our deep appreciation for all she has done for C. S. T. C.

With the founding of various sororities among the women students on the campus, it was found necessary to organize a council which would serve as a regulating body. With this in mind the Pan-Hellenic Council came into being. It consists of two representatives from each of the five sororities, with Miss Margaret Boyd as advisor. Its main purpose is the regulation of "rushing" and the enforcement of rules necessary to the well-being of sorority life.

MISS GENEVIEVE NORFOLK

ORCHESTRA

President	Ross Rodgers
Vice-President	William Russell
Secretary-Treasurer	Marian Jones
Librarian	Donald Irwin

The College Orchestra this year is under the instruction of Miss Genevieve Norfolk, new director of music at Clarion. Her chief objective is to foster a desire for good music within the group.

The organization is composed of many musically-minded students and several faculty members.

Their public appearances have been limited mainly to chapel programs and dramatic productions, but with the growth of the organization their concerts will be more numerous.

WOMEN'S GLEE CLUB

OFFICERS

President	Nettie Carr
Vice-President	Ruth Mohney
Secretary-Treasurer	Inez Griffith
Librarian	Alice Howard

The Women's Glee Club, one of the finest organizations on the campus, is truly a feature of the college. It is composed of thirty-five members under the very capable direction of Miss Norfolk. Its aim is to foster an appreciation of good music written by the best composers, and thus raise the standards of the individuals in matters of discrimination. It is also a means of self-expression and emotional outlet.

The Women's Glee Club has presented programs to the students at various chapel periods and also for various downtown organizations. The expressions of enjoyment from the audiences attest to the merit of the organization. Many programs are being planned for the future, and the girls feel assured that these offerings will be received as enthusiastically as have been all the Glee Club presentations of the past.

MEN'S GLEE CLUB

OFFICERS

President	Edward Sherrieb
Vice-President	Frank Howarth
Secretary	Morton McKinney
Treasurer	Albert Chitester

The Men's Glee Club, also under the direction of Miss Norfolk, holds sessions twice a week, once en masse and once for separate group practice of first and second tenors and basses. The organization this year is, in the main, composed of untrained, inexperienced singers, but under Miss Norfolk's capable baton the club hopes to develop a sense of cooperative harmony, which will bring the entire college to a realization of the organization's worth.

WOMEN'S TRIO

The Women's Trio, a new organization on the campus, is under the supervision of Miss Norfolk, director of Music. The Trio has appeared before the Clarion Women's Club, in various chapel programs, and at the Presbyterian Church. The organization has become quite finished in its performance due to the abilities of its very capable members.

To carry out these objectives the organization holds daily devotionals, morning watch and weekly meetings. By means of the "Big Sister Movement" and the Freshman Reception the cabinet assists the Freshman girls in adjusting themselves to college life

At various times during the year the Y. W. C. A. aids the needy in the community. A future plan is to provide a scholarship loan which may be awarded to some worthy student.

The Young Men's Christian Association is one of the oldest organizations in the college. This fellowship has advanced with the school and is a vital factor in the lives of our men. The organization aims to promote a moral and Christian spirit on the campus, to encourage a strong campus friendship among the men, and to challenge students towards "Service for Others".

The "Y" plans attractive programs which include devotional exercises, songs, student discussions, and speeches by both faculty members and lecturers of recognized ability.

The association sends delegates to the fall and spring conferences to receive information and guidance. By these means this body attempts to fulfill the expectations of such an association.

Vice-President	Ralph Simpson
Secretary	Kathryn Murray
Treasurer	James Kassel

The purpose of the College Players Club is to produce plays and to study drama. The Club aims to promote an interest in all phases of dramatics including acting, coaching, stage management, make-up, casting.

During the first semester the Club has produced a three-act play which was a public performance, There is also a play presented each time during the club meeting. The best of these plays, a melodrama, "The White Owl", was later produced in chapel.

Vice-President	Bernice Monroe
Secretary-Treasurer	Jane Syphrit
Program-Chairman	Louise Johnston

Second Semester

President	Gwen Covert
Vice-President	Dorothy Brown
Secretary-Treasurer	Madeline Heeter
Program-Chairman	Emma Lou Long

The Hostess Club is probably the largest organization on the campus, being open to all girls attending the college. By instructing the girls in the proper ways of conducting themselves at social functions it endeavors to raise the social standards of the school. In the meetings which are held Friday evening of every alternate week, various problems of etiquette are discussed. During the first semester the girls sponsored one of the All-College Teas which enabled the girls to put into practice some of the principles fostered in this organization.

Much of the success of the Club is due to the efforts of Miss Sims, who guides its studies into the proper channels of dress, dancing, table setting and service, and many other topics which enable the women of the college to be better fitted socially.

PRIMARY CLUB

The Primary Club has been developed out of a common interest in scientific education for the young child. All women who elect primary work as their major are eligible for the club. The leading purpose is both educational and social.

The club has participated in and sponsored several educational projects and social functions during the year. These include a class in manuscript writing, a tea dance, and a play, which is the outgrowth of the work in Primary Subjects Class.

With its motto "The best for every child", as a guide the club is striving to develop a greater realization of the scientific understanding of the young child.

With the able assistance of the head of the Primary Department, Miss Williamson, the work of the club has been very successful.

Motto—"The Natural Way to a Better Life".

Since its appearance on the campus four years ago, the Outdoor Club has grown to such popularity that it has become necessary to limit its membership to thirty, and give preference to four-year students.

Following the lesson its motto teaches, the members of the Outdoor Club make trips to interesting points near Clarion. Camp Coffman is the favorite destination and it is here the members seek out the Truth, the Life, the Beauty of God's Great Out-of-Doors.

We search along the river,
We seek an open plain,
We climb the highest mountains
For from Nature comes our gain.

GLOBE TROTTER CLUB

First Semester

President	John Fulton
Vice-President	Roma Kline
Secretary	Frances Hahn
Treasurer	Edwin Alcorn
Advisor	Miss Keithan

The purpose of the Globe Trotter Club is to broaden the student's interest by giving him opportunities for contact with customs, peoples, traditions, institutions, and scenery of other countries as well as his own. A further aim is to develop an appreciation of these countries and to give the student some practice in planning a trip of his own.

The activities of the club consist of such programs as: planning for trips of short duration to nearby points, planning a Mediterranean or Caribbean cruise, planning a two weeks' vacation to some American point or points, a study of the members of the club to see which country or countries each represented, and, finally, the making of scrapbooks.

The meetings are filled with issues of interest, value, and entertainment. These include the giving of serious and humorous readings, the debating of light and serious questions, and the discussion of the aims and principles of both public speaking and debating.

Filled with the splendid spirit of its members, and under the leadership of Mr. MacDonald, College Forensics looks forward to many more semesters of worthwhile activity.

The Art Club, with Miss Sandford as faculty advisor, meets once a week. The purpose of the club is to interest its members in artistic work and promote a background for creative designing and original workmanship along various lines of art.

With its Motto "Happiness in Creation" as a guide, the club is striving to foster a greater appreciation of the beautiful

Several teas were given in the club at various times throughout the year in order that the club members and leader might become more intimately acquainted.

The Press Club, is open only to students of marked journalistic ability, who must successfully pass a competitive examination given by the members and advisor of the club at the first of the semester. Under the direction of its advisor, Miss Nair, the club carries on studies in journalistic practices which will enable its members to supervise the publication of a school paper when they become teachers. The club also aims to make its meetings interesting to its members, and sponsors several functions of a social nature throughout the year.

It had also been the custom that the Press Club act as the publisher of the school paper, the Clarion Call, which owing to the cut in state appropriations was published as a mimeographed sheet each week during the first semester. However the staff of the school paper was reorganized under the direction of the Student Senate and is now published as a separate, self supporting organ entirely independent of the Press Club.

INTERNATIONAL RELATIONS CLUB

The International Relations Club is a relatively new organization on the campus. It was organized in an informal way under the direction of Mr. Huston of the Social Science Department.

The aims of the club are to acquaint the members with international affairs, to develop a more friendly attitude toward our foreign neighbors, and to aid the members in becoming better teachers in the social sciences.

Since this is an informal club the members agreed that it was unnecessary to have formal officers.

The active members during the first semester were: Georgia Brown, Robert Heverly, Ruth Kelley, Maurice Moffat, Emil Rosenzweig, Willard Simpson, Anna Slike, Bird Thompson, Ruth Thompson, George Zagst, and J. R. Huston, Advisor.

A BOOK

He ate and drank the precious words;
His spirit grew robust;
He knew no more that he was poor,
Nor that his frame was dust.
He danced along the dingy days,
And this bequest of wings
Was but a book. What liberty
A loosened spirit brings!

—Emily Dickinson

Formerly this club has been known as the Library Club but this year it adopted the name of "Book Lovers Club". The club periods are devoted to discussions of books. Each member who reads a book which she enjoys gives a short review of it together with any interesting facts about the author. Members are urged to widen the range of their reading experiences. "Read fifteen minutes each day," is a slogan for the club. The amount of reading that can be accomplished in this length of time is a revelation.

The current year is the first full year in which the Community Government Association has functioned since it came into existence in the spring of 1932 as the result of a need expressed by both students and administration for an organization which would promote student responsibility, increase faculty cooperation, and enrich college life in every way possible.

The organization now operates under its own constitution, which has been ratified by the student body. It has labored earnestly to bring about certain changes which it felt were just and progressive, and has initiated several worthwhile movements.

Throughout the college year the Community Government Association has enjoyed the kindly advice, and constructive criticism of Dr. Riemer, and perhaps the greatest benefits have been derived by the members themselves as a result of his guidance.

The Women Day Student's Association was organized for the purpose of considering day student problems and also for the purpose of unifying the group.

Miss Sims attended several of the meetings and offered suggestions as to the aims and purposes of the association. Discussions concerning advantages and disadvantages of staying outside the dormitory were held and it was decided that girls staying in town should follow the same rules as the dormitory girls.

The women day students were given an attractive room in Seminary Hall for the purpose of studying and resting. This room has been used by the association as an agency for helping the town and commuting students to become better acquainted.

MEN DAY STUDENT'S ASSOCIATION

THE CLARION CALL

A new institution with an old name, endowed with the sentiment and tradition of years gone by, yet full of the fresh life and vigor of youth, the Clarion Call is a true college paper. Through the medium of the columns of this publication life at Clarion State Teachers College has been, and always will be, honestly and accurately portrayed; student opinion at its best has been afforded an opportunity for open, unrestricted, and above-board expression.

The Clarion Call was established by an action of the Student Senate in December, 1932 The original plan was to change the name, but the convincing suggestion rendered by Paul Whitehill caused the name Clarion Call to be retained. The Community Government Association held elections for Managing Editor and Associate Editor.

GALA OCCASIONS

PARENTS' DAY (1932)

The "Parents' Day" of this year was acclaimed the finest ever celebrated here. Sons and daughters spent the time showing off themselves and their school. In the evening, the college orchestra, and Sydney Landon, furnished entertainment. The fathers and sons are reputed to have had an all night party afterwards. On Sunday, Dr. Rizer spoke to the visiting parents. The day was royally climaxed with a banquet in honor of the guests.

COMMENCEMENT (1932)

For three days, the Seniors and graduating Sophomores went through the process of being graduated from Clarion State Teachers' College. Sunday was baccalaureate day, with Dr. Robert MacGowan, a noble poet, delivering the message.

Tolling of bells, dignified procession, blue skies and sunshine marked the second stage in the process. Dr. Lee L. Driver, Harrisburg, Pennsylvania, addressed the graduates, and the diplomas and certificates were awarded by Dr. G. C. L. Riemer.

The three days were climaxed by a picnic at Cook's Forest, where all made merry and ate much.

ALUMNI DAY (1932)

The major event of alumni day was the dedication of the new gymnasium to the class of '32. The dedicatory services were held in the new building, with Dr. Charles Ellenberger, of Brookville, presiding. There were class reunions throughout the afternoon and many, "Well, look who's here!" The annual banquet dance was held in the dining room of Becht Hall from six to twelve p. m.

FRESHMAN HOP (1933)

The Freshman Hop of this year was characterized by color, life and gayety. Rhythm, lovely gowns, attractive red and silver decorations added to the high feeling of merriment. Freddy Rico and his band, of Ridgeway, furnished the music. And what's more, we had our "pitcher took"—for the Sequelle. Congratulations Freshmen!

GALA OCCASIONS

ALL-SORORITY BALL (1933)

What a gala dance! It was a fitting reward for those who worked hard to make it a real dance, and for those who worked equally hard to learn to dance. More new gowns, and hearts beating high. The spirit of St. Valentine led the festivities, aided by Ted Williamson's orchestra. The "sorores" had reason to smile over the clever programs, good music, and successful dance!

ALL-FRATERNITY BALL (1933)

Another spirit steals forth to make the "frat" dance one of the year's best social functions—St. Patrick's. Though the boys did not employ the traditional green in the decorations, they proved themselves capable of creating color harmony by using blue, black, and white. And we had fun! Particularly interesting was the new combinations of couples—almost revolutionary! Tommy Nichols furnished the music, which everyone enjoyed. The fraternity men deserve commendation for their fine work.

SCHOOL CARNIVAL (1933)

Well, wemust say we didn't know the Faculty could lose that classroom dignity so thoroughly in one night! There were clowns n' sideshows n' trained "bears" n' popcorn n'—oh, most everything! Even the gymnasium was decorated to perfection to resemble a real carnival, and the actors fitted their roles. With "Jim" Kassel as king and Nettie Carr as queen, Mr. Renn as ringmaster, Miss Keithan as "Wild Nell," Mr. Jones as the "handsomest" belle, and Mr. Hoyt as "her" lesser half, and (?) as Sammy, the "swell" tap-dancer; and so on and so on. We saw things and doings which provided a good time for everyone who attended. Even prizes were awarded the best performances and performers.

PLAY DAY (1932)

After waiting patiently and impatiently for "Old Sol" to shine, the great day finally arrived. And did we play! Those who took advantage of the opportunity had a grand time. After a forenoon of constant activity in which the Freshmen attempted to outdo the Sophomores, the entire student body collected in the college dining room. Here, in addition to dining, we had the Faculty do some "standing up," heard speeches from the athletic coaches, and from Professor Wilkinson on the benefits of Play Day, and did some applauding as the president of the Women's Athletic Council awarded letters to the eleven girls who had won them. The afternoon was spent in completing the program for the day, which resulted in victory for the Sophs.

Were our muscles sore the next day? It was worth it!

"In The Good Old Summertime!"

NATURE—mostly human—in various shapes, moods, and moments.

FACULTY PHILOSOPHY

DR. G. C. L. RIEMER

I conduct myself as I do because I believe that the tendencies of history, a record of man's activities on this globe, point to the gradual advance of man from a low estate to one that is higher, that this upward trend is continuing, and that the public school, an agency devised and revised by man, is playing an ever larger part in it.

J. W. F. WILKINSON

The knowledge that you are helping to develop a higher character and build a better citizenship for your country gives joy to living and counts for more than the accumulation of material things.

MARY B. WILLIAMSON

Manners maketh the man.

BERTHA V. NAIR

Two beliefs constitute the very cornerstone of a practical philosophy: That every day is worth while in the general scheme of things, and that joy must be found in the daily routine of work. The one justifies noble effort, the other brings contentment.

PEARL B. JACK

Think right, live right, do right. Smile though the heart may ache, for right must triumph.

BERTHA LEFEISTE

"Every heart, every soul longs to spread its wings,
To flee from the every day world
And fly to the open, sunny, happy hills!"

HELEN MOHNEY

"Nothing is troublesome that we do willingly."

FRANCES EASLEY

"The happiest heart that ever beat
Was in some quiet breast
That found the common daylight sweet
And left to Heaven the rest."

HELEN M. BARTON

"Take ye the joy of life
While the lamp glows."

FACULTY PHILOSOPHY

MILDRED GAMBLE

Men are four:
"He who knows and knows he knows,
He is wise—follow him.
He who knows and knows not he knows.
He is asleep—wake him.
He who knows not and knows not he knows not,
He is a fool shun him.
He who knows not and knows he knows not,
He is a child teach him."
—Arabian proverb.

HELEN E. WALTERS

"Yours is a task—the best in the world,
A garden to plant and weed,
With the joy of seeing the things that grow
Out of the tiniest seed.
Look at them—love them, and smile all the while,
Then fruits will be sure to come.
The boy and the girl are the subjects you teach,
And not the quotient or sum."
—M. Louise Boynton

ANNA B. GRAHAM

"The teacher lives forever, On and on
Through all the generations he shall preach
The beautiful evangel—on and on
Till our poor race has passed the tortuous years
That lie fore—reaching the millenium;
And far into that broad and open sea
He shall sail, singing still the songs that he taught
To the world's youth, and shall sing them o'er and o'er
To lapping waters, till the thousand leagues
Are overpast—and an argosy and crew ride at their port."

HARRY S. MANSON

"Wherever your lives may be cast make you the world a bit more beautiful and a little better because you have lived in it."

J. O. JONES

"He that never changes his opinions, never corrects his mistakes, will never be wiser on the morrow than he is today."—Tyron Edwards.

J. R. HUSTON

Learning without thought is labor lost.

RENA CARLSON

"We needs must love the highest." —Tennyson.

MARGARET A. BOYD

"Ah, but a man's reach should exceed his grasp,
Or what's a Heaven for?"
—Browning

HAZEL SANDFORD

"Moderation in all things; nothing in excess."
—Old Greek Axiom

MARILLA E. EDMISTON

My philosophy of life has always been to aim higher than it is possible to attain; to make an effort to accomplish some worthy thing; to think well of the other fellow regardless of his shortcomings or of how he may treat me; in short to be "a friend to man."

MARIE MARWICK

For its terseness and its truth I have always been impressed by the trade-motto of a Boston publishing house: "Self-expression is but self-revelation."

M. E. MAC DONALD

Happy is the man who finds his life's work and performs it with diligence.

HELEN DOROTHY SIMS

To me the successful and happy life is positive and conscious living. Successful living must reach out to master its environment, not run away from realities; it must analyze and discover in life its greatest joys and obligations, rather than seek to avoid them.

C. F. BECKER

Education is not indicated by a stamped document delivered on commencement day, but is rather an accumulation of ideals and attitudes that give life its momentus to grow in the direction of right and usefulness.

GENEVIEVE NORFOLK

"In the beginning was rhythm."

ELIZABETH F. KEITHAN

My philosophy is something like that of Mrs. Wiggs in her life in the "Cabbage Patch." Take human nature as one finds it, try to improve it by living as far as possible the rule which says, "Do as you would be done by." Add to this an unusual amount of the sense of good humor and when anybody gets angry let it be the other fellow.

FACULTY PHILOSOPHY

DR. D. D. PIERCE

"A useless life is only an early death."—Goethe

G. A. HOYT

Do your work when it should be done and do it to the best of your ability.

BESSIE N. RUNYAN

The teacher should strive to adapt herself to the time and to the environment in which she finds herself. Having done this, she is ready to help others to reach their goal.

LOIS GREEN

"It's the songs ye sing and the smiles ye wear."

MARTHA V. TROUGHTON

"Culture is the cream of conduct. It is the result of the Study Habit, linked to Self-Reliance, and blessed by concentration. Culture, like all of life's blessings, cannot be hoarded,—it is for service. Fortunate are we if we evolve from our hearts these great gifts which the Creator in His goodness has endowed us."—Elbert Hubbard's Scrapbook.

LORETTA BROGAN

"True worth is in being, not seeming,
In doing, each day as we go by,
Some little good not in the dreaming
Of great things to do bye and bye.
For whatever men say in blindness
Or spite, of the fancies of youth,
There's nothing so kindly as kindness
And nothing so royal as truth"—Alice Carey's NOBILITY

EFFIE B. HEPLER

"This world is so full of a number of things,
I'm sure we should all be as happy as kings."
R. L. Stevenson.

SARA SEYLER

A kind smile and a cheerful word will go a long way.

HUMOR

Two spinsters were discussing men.

"Which would you desire most in your husband; brains, money or appearance?" asked one.

"Appearance," snapped the other, "and the sooner the better."

A little boy was saying his go-to-bed prayers in a very low voice.

"I can't hear you, dear," his mother whispered.

"Wasn't talking to you," said the small one firmly.

Admirer—"I s'pose your stories just flow from your pen."

Author (looking at pen)—"Sometimes the whole blame story comes out all at once."

Merril S.—"Clever? Why my girl friend has brains enough for two."

Bill R.—"Then she's just the girl for you to marry."

Harriger—"Apples have relieved a lot of unemployment."

Martha P.—"Yes, and they put Adam to work, too."

Lois Neeley—"I suppose you and your husband have differences of opinion."

Dorothy Perry—"I presume so, but he never dares let on."

Nettie—"I can tell you what the score is before the game starts."

Brownie "What is it?"

Nettie—"Nothing to nothing—before the game starts."

Mooney—"I had my voice tried."

Stahlman—"What was the verdict?"

Mooney—"Fine."

Stahlman—"Were you able to pay it?"

Rogers—"Do you believe in a hereafter?"

Snyder—"Sure."

Rogers—"Well, here after stay away."

Master—"The radio teaches us a very good lesson."

Ken S.—"How so?"

Master—"To be content with getting one thing at a time."

Wells—"I like blondes."

Pat—"Most blondes are a cross between brunettes and drug stores."

"I gave my girl a ring for her birthday."

"How much did it cost?"

"Nothing, she's a telephone operator."

Little George had been listening to the talk of his elders. "Daddy," he said finally, "I think I want to get married."

"Do you, son? And whom do you think you would like to marry?"

"I want to marry Granny."

"Do you indeed? And do you think I would let you marry my mother?"

"Well," returned his son, "you married mine, didn't you?"

It may be that fruits feel pain, as a certain scientist claims, but the grapefruit is the only one that hits back.

When a Chinese is puzzled he scratches his foot instead of his head. A queer thing to do, but, after all, the one operation is about as effective as the other.

A friend is one who sees your point of view and laughs at your jokes.

He—"When I talk people listen with their mouths open."

She—"Oh, are you a dentist?"

Schuckers—"When can I expect payment on that debt you owe me?"

Moore—"Always."

It's hard to believe it at times, but once, and for a whole year, you were a mischievous ten year old kid yourself.

Proud Father—"Don't you think it's about time he learned to say 'papa?'"

Mother—"Oh, no; I hadn't intended telling him until he becomes a little stronger.

Garage Mechanic—"What's the trouble Miss?"

Ruth Mohney—"They say I have a short circuit. Can you lengthen it for me, please?"

HUMOR

"Who was the first man, Bobby," asked Teacher.

"George Washington," answered the young American promptly.

"Why, no, Bobby. You know surely that it was Adam."

"Oh, well," said Bobby, "I wasn't counting foreigners."

The doctor's little daughter had strayed into his surgery, and was watching, wide-eyed, as he tested the heart and lungs of a patient. Suddenly she spoke:

"Getting any new stations, daddy?"

The gentleman had sent for a plumber to fix an upstairs tap, and as he and his wife were coming downstairs they met the plumber coming up.

"I'd like to acquaint you with the trouble," said the gentleman.

"Glad to meet you," replied the plumber.

H. Miller—"I am burning with love for you."

Helen—"Well, don't make a fuel of yourself."

Fergie—"Bill, I wish you'd come to see me occasionally."

Bill—"Why, I thought 'Rosy'——"

Fergie—"Oh, yes, but I might be engaged if I got up some competition."

Truby—"What was all that roaring I heard in your room last night?"

Ty—"We were having a quiet game of poker and the deuces were wild."

Bunn—"I don't like the thick soles on these shoes."

Salesman—"I can assure you that the objection will gradually wear away."

Bill Rea—"Who was the new girl I saw you with last night?"

"Purvis—"No new girl. It was the old one painted over."

Suspenders are finding renewed favor among men because they take their work far more seriously than belts.

Few men or women cut their wisdom teeth until after marriage.

He—"How old are you?"

She—"Oh, past twenty."

He—"Yeah? How long have you past twenty?"

Muggsie—"They say students should have eight hours of sleep a day."

Bill R.—"Yes, but who wants to take eight classes a day?"

Joe Worts—"When you are looking up a word in the dictionary what do you look for first?"

Third Grader—"The index."

Mr. Manson—"Have you done your outside reading yet?"

Jim Martz—"No, it's been too cold to read outside."

"Thank goodness that's over," said the drop kicker.

"I'm all set," said the sun as it disappeared over the horizon.

"It's been a trying day," said the judge as he looked over the courtroom.

"You never can tell," said the bandit as he shot the only witness.

"It's the little things that tell," said big sister as she dragged little brother from under the sofa.

At twenty you blush when a man praises you; at thirty you think him clever; at forty you wonder what he wants.

Increased production of automobiles suggests the propriety of changing our national flower from the golden rod to the car-nation.

TO THE OLDER GENERATION

Any time you think the present age is sillier than when you were a kid, just get out your old love letters and read them.

Stone and Wood were walking down the street. A peach went past. Stone turned to Wood. Wood turned to Stone. And they both turned to "rubber."

HUMOR

Diplomacy is the art of letting some one else have your own way.

It's all right to preach about standing back of everything you sell, but suppose you sell Missouri mules.

Jim Kassel—"Did you go on a fishing trip?"
Dan Coleman—"I did."
Jim—"Did you fish with flies?"
Dan—"Fish with flies? Yes, we fished with flies; ate with flies; camped with flies; and slept with flies."

Mr. Manson—"What is the best method of preventing diseases caused by biting insects?"
Minit—"Don't bite the insects."

We call our horse corn-pone because he's bred in old Kentucky.

Hans—"You look sweet enough to eat."
Edna—"I do. Where shall we go?"

Harry—"Will you marry me?"
Pat—"No, but I shall always respect your good taste."

"Iceland," said Miss Keithan, "is about as large as Siam."
"Iceland," writes McCall afterwards, "is about as large as Miss Keithan."

Don Emig was seen hopping along in his Austin in a peculiar fashion. Willis Ford drove up along side him and said, "What's the matter, Don, engine trouble?"
"No," Don replied, "I have the hiccoughs."

Cassel—"How are you getting along in math, Freddy?"
Gallegher—"I've learned to add the noughts, but the figures still bother me."

Lecturer—"My friends, what is home without a mother?"
LeVerne—"An incubator."

Gwen—"If you sit on a tack, what is that a sign of?"
Winnie—"I don't know."
Gwen—"An early spring."

Betty M.—"I read of an Eastern rajah whose bed is said to have been twelve feet long and nine feet wide."
Mary Liz—"That's a lot of bunk."

Lady (to tramp)—"Did you notice that little pile of wood in the yard?"
"Yes'm I seen it."
"You should mind your grammar. You mean you saw it."
"No'm, you saw me see it, but you haven't seen me saw it."

A mountain—a field with its back up.
Island—a piece of land in swimming.
Pathfinder.

That was terrible grammar Julius Caesar used when he met Brutus in front of the hot dog stand and said, "Et, too, Bruty?"

A Hebrew storekeeper's window, to the surprise of his brethern was adorned with a new blind.
Aaron—"Nice blind you have. Who paid for it?"
Isaac—"The customers paid for it, Aaron.
Aaron—"What! The customers?"
Isaac—"Yes, I put a little box on my counter, 'For the Blind,' and they paid for it."

A WOMAN'S EYES

If a woman's eyes are brown,
Never let your own fall down.

If a woman's eyes are grey,
Heed the things you hear her say.

If a woman's eyes are blue,
Watch the things she's apt to do.

If a woman's eyes are black,
Give her room and lots of track.

If a woman's eyes are green,
Whip her with a rod that's keen!

JISTCLEARASMUD

Jim—"Watchagotna packidge?"
Joe—"Sabook."
Jim—"Wassanamuvitt?"
Joe—"Sadickshunery, fullanaims. Thu wife's gonna gettaplecedog angotta getananimferim."

WHY SCHOOL TEACHERS GO CRAZY

Poise is the way a Dutchman says boys.

Equinox is a wild animal that lives in the Arctic.

King Arthur's Round Table was written by the author of Ten Knights in a Bar Room."

Copernicus invented the cornucopia.

Etiquette teaches us how to be polite without trying to remember to be.

In the stone age all men were ossified.

The climax of a story is where it says it is to be continued.

A gulf is a dent in a continent.

Butress is a butler's wife.

Conservation means going without things we need.

If Ponce de Leon hadn't died before he found the fountain of youth he wouldn't have died

Banter—"Was your landlord put out when you told him you couldn't pay the rent?"

Canter—"Yes, and so was I."

Friend—"How does your husband get his meals if you're never home to cook them?"

Butterfly Wife—"That's funny. The same thought came to my head the other day."

Undoubtedly there is a growing scarcity of girls who know how to keep house, just as there is a growing scarcity of young men who know how to provide the house.

"Jimmy, I wish you'd learn better table manners; you're a regular little pig at the table."

Deep silence on Jimmy's part. So father, in order to impress him more, asked, "I say, Jimmy, do you know what a pig is?"

"Yeh," replied Jimmy meekly, "It's a hog's little boy."

"Willie," said his mother, "Go over and see how old Mrs. Brown is this morning."

Willie was back in a few moments.

"She says it's none of your blamed business how old she is," announced Willie.

Bob—"I've had this car for years and years and never had a wreck."

Pauline—"You mean you've had this wreck for years and never had a car."

Beneath the moon he told his love,
The color left her cheeks,
But on the shoulder of his coat
It showed quite plain for weeks.

Chuck—"People in love can live on air."

Dot—"Yes, but after they're married they can't live in air castles."

Old Lady—"Do you drink?"

George Z.—"Yes, where shall we go?"

Little Girl—"Is 'Disaster' your name?"

Brother's Fiancee—"Why, what do you mean?"

Little Girl—"Well, that's what daddy said Tom was courting."

APPRECIATION

To all those who have in any way, directly or indirectly, contributed toward the publication of this book, the 1933 Sequelle staff extends its thanks. It would have been impossible for the staff, alone, to have accomplished its aim. We take this opportunity to thank the student body as a whole, for its attitude of willing co-operativeness; the members of the faculty for their courteous response to the editor's various requests, to the secretary to the president for her valuable assistance in furnishing the editor with necessary information, and each of our advertisers.

By your contribution, be it ever so small, you have helped the graduating class to realize and fulfill its obligation to the history and tradition of our college, our Alma Mater, by enabling it to contribute this permanent record of its activities.

May future classes profit by avoiding the mistakes we have made, and be inspired to higher and nobler goals by the commendable features of this, the 1933 Sequelle.

Chase wild bullfrogs for three miles and gather up the hops. To them add ten gallons of tan bark to give it body, half a pint of shellac to make it smooth, one bar of soap to make it foam, and four door-knobs to hold it down after you drink it. Boil for thirty-six hours, then strain through an I. W. W.'s sock to keep it from working. Add one grasshopper to each pint to give it a kick. Pour a little into the kitchen sink.
